CONTRIBUTORS TO THIS VOLUME

Project Consultant	Professor R W. Revans
Representative of King's Fund	Janet Craig
Research Officer	Ali Baquer
Research Assistant	Tim Eltham
Part-time Fieldworkers	Barbara Bellaby
	Richard Fogg
	Liz Crout
	Valerie Mills
	Felicity Sommerfeld
	Paul Sommerfeld
	Joan Trigwell
Coders	Liz Crout
	David Smith
	David Troon
Part-time Researchers	Diana Cortazzi
	Liz Crout
	David Smith
	Paul Sommerfeld
	Frances Troon
Computer Work	Ray Banks - At the London Hospital Computer Centre
Secretarial Assistance	Sarah Stenning and Anne Woronow
Lithograph Duplicating	Rose Crawford

The real contributors to this volume, however, are the representatives of the seven areas who helped to design, complete and analyse the questionnaires. Some of those who co-ordinated the research activities in their areas are:

Hounslow	Dr. P. Bennett
	Peter Charles
	Marjorie Hills
	Dr. Curtis Jenkins
	David Mason

Hull

Dr. O.C. Dobson
Dr. H. Jackson
Dr. W. Kell

E. Elliott
J.H. Gardham
Joe Graham
Mrs. Murphy
R.W. Shane
Miss Staines
Roy Wardell
V.L. Wilson

Nottingham

D.H. Carter
Miss Fletcher
Dr. Kenneth Mason
Miss M. Morton
Dr. W. Parry
J.A. Westmoreland

Oxford

Mrs. C.E. Cooley
Mr. G. Elliston
T.H. Higham
B. Hird
R. Lloyd Jones
Dr. A.M. Lush
T.B. Maguire

FOREWORD

- AIMS The two main objectives of this project, which was supported by the King's Fund from June 1969 to September, 1972, were to collect information on the service offered in seven diverse local authorities of the country and to involve the providers of service in a systematic examination of it. Both these aims have been achieved.
- METHOD The representatives of Hounslow, Gateshead, Hull, Nottingham, Oxford, East Sussex and West Suffolk formed themselves into a Group under the chairmanship of Dr. M.G. Spark, a general practitioner. The Group now identifies itself as Revans' Participative Research Group (R.P.R.G.). The members of this Group helped the Research Officer, Ali Baquer, in the design of the study, construction of questionnaires, collection of data, and finally in suggesting the methods of analyses of the information gathered. Since the project was undertaken at a time when a great many organisational changes were taking place part-time researchers were employed to help on various aspects of the research.
- SAMPLE A random sample of the mentally handicapped living in the community and under the age of 30 was drawn from the seven areas. The questionnaires were then administered on their parents, general practitioners, mental welfare officers, health visitors and school teachers. The records kept at the then mental health departments were also examined through the use of a questionnaire. The information thus collected was coded on standard 80 column data sheets and transferred on I.B.M. cards. The data was then processed on computer at the London Hospital Computer Centre.
- DATA A selection from the computer analysis of the data is now being presented in 5 volumes:

Volume I consists information collected from the questionnaires addressed to the parents (THC 72/555) "table numbers prefixed by P"

Volume II presents an analysis of information collected from general practitioners (THC 72/556) "table numbers prefixed by G"

Volume III deals with the answers given by the mental welfare officers (THC 72/557) "table numbers prefixed by M.W.O."

Volume IV presents the replies of the health visitors and teachers (THC 72/558) "table numbers prefixed by H.V's and T"

Volume V comprises the findings from the records kept on the cases in

PUBLICATIONS

The final report, entitled "I Thought They were Supposed to be Doing That" consisting of the main findings, and a description of methods used, has been presented to the King's Fund to be considered for publication in a book form.

Apart from this book it is hoped that a number of other publications, in the form of articles and books, will be prepared by members of Revans' Participative Research Group as well as others interested in making use of the experience and findings of the project. It will be appreciated if copies of such articles/books could be sent to Miss Janet Craig, Assistant Director, The Hospital Centre, 24 Nutford Place, London, W1 who has agreed to co-ordinate the activities of the Group after the conclusion of the project on 30th September, 1972.

Copies of the five volumes of analysed data are being made available to the Library at the Hospital Centre, London and:

Town Clerks
Directors of Social Services
Medical Officers of Health

in the seven areas respectively.

Those wishing to make use of the data presented in these volumes are requested to acknowledge Revans and Baquer's project on "Co-ordination of Services for the Mentally Handicapped."

Ali Baquer,
Research Officer to the
Working Party.

September, 1972.
Hospital Centre.

NOTES ON INTERPRETING THE TABLES

1. "No Information" category.
This category means that no reply to the question was given or the response was irrelevant for this table.
2. Some of these tables are summary tables in that they total all the answers provided to a particular question. For many questions, the respondent gave more than one answer, for example, in the question, what kind of support is now being provided to the family, the respondent might list two or three types of support. Since the table will summarise the total number of each type of support provided, it is possible for the total of all types of support to exceed the number of cases being surveyed. This situation arises only where more than one answer has been given to the one question.
3. It will be necessary to remember the number of respondents applicable to each volume of the data, for they vary from volume to volume. Although there were 212 cases in our full sample, we only had usable returns from 204 parents, 147 general practitioners, 169 mental welfare officers, etc. The number of respondents applicable to each area is given at the commencement of each volume.

LIST OF ABBREVIATIONS USED

Areas

HO - Hounslow
GA - Gateshead
HU - Hull
NT - Nottingham
OX - Oxford
ES - East Sussex
WS - West Suffolk

Agencies

G.P. - General Practitioner
H.V. - Health Visitor
M.O.H. - Medical Officer of Health
M.W.O. - Mental Welfare Officer
L.E.A. - Local Education Authority
D.R.O. - Disablement Resettlement Officer
J.T.C. - Junior Training Centre
A.T.C. - Adult Training Centre

Others

S.N. - Sub-normal or mentally handicapped
S.S.N. - Severely Sub-normal or Severely Handicapped
E.S.N. - Educationally Sub-normal

Inapplicable - MS was a health child	-	3	4	3	3	6	1	20
Not ascertained from records if MS had suffered from any illnesses or injuries	3	3	5	9	5	14	7	46

TOTAL NUMBER OF ILLNESSES AND INJURIES REPORTED

At least 353

AGE OF WALKING OF MS

	HO	GA	HU	NT	OX	ES	WS	TOTAL
MS walking at 12 months	2	2	5	3	3	2	1	18
MS walking between 12 - 15 months	1	1	2	2	1	2	1	10
MS walking between 15 - 18 months	2	-	2	3	2	5	1	15
MS walking between 18 - 21 months	5	-	2	4	1	6	-	18
MS walking between 21 - 24 months	7	4	4	6	3	5	4	33
MS walking over 24 months	-	5	18	20	9	10	7	69
MS couldn't walk - malformation of the limbs	-	-	5	2	-	1	-	8
MS still too young to walk	-	-	2	-	-	1	1	4
Age of walking not recorded	2	2	5	6	4	13	5	37

AGE OF TALKING OF MS

	HO	GA	HU	NT	OX	ES	WS	TOTAL
MS talked between 7 - 9 months	-	-	-	1	-	-	-	1
MS talked between 9 - 12 months	-	1	1	-	-	1	2	5
MS talked between 12 - 15 months	2	-	-	2	1	2	1	8
MS talked between 15 - 18 months	-	-	3	3	1	2	-	9
MS talked between 18 - 24 months	4	1	2	5	3	2	1	18
MS talked over 24 months	8	7	26	22	10	21	8	102
MS didn't talk at all	4	-	4	3	-	3	-	14
MS still too young to talk	-	-	1	-	1	2	1	5
Age of talking not recorded	1	5	8	10	7	12	7	50

AGE OF TEETHING OF MS

	HO	GA	HU	NT	OX	ES	WS	TOTAL
MS cut his/her teeth at 6 - 7 months	1	1	11	2	-	-	1	16
MS cut his/her teeth at 7 - 9 months	-	1	4	-	3	-	-	8
MS cut his/her teeth at 9 - 12 months	-	-	4	-	2	5	-	11
MS cut his/her teeth at 12 - 15 months	-	-	3	5	-	2	-	10
MS too young to cut teeth	-	-	1	-	1	-	-	2
Age of teething not recorded	18	12	22	39	17	38	19	165

AGE OF CLEAN HABITS OF MS

	HO	GA	HU	NT	OX	ES	WS	TOTAL
MS had clean habits under 18 months	2	-	2	-	4	3	-	11
MS had clean habits between 18 - 21 months	-	-	-	-	-	-	-	-
MS had clean habits between 21 - 24 months	-	1	2	-	-	2	4	9
MS had clean habits between 2 - 2 $\frac{1}{2}$ years	5	-	2	1	4	2	1	15
MS had clean habits between 2 $\frac{1}{2}$ - 3 years	4	-	-	4	1	2	-	11
MS had clean habits over the age of 3 years	3	3	6	10	4	11	1	38
MS still not clean	2	-	4	4	2	2	3	17
MS still too young	1	1	1	-	1	1	1	6
Doubly incontinent	-	-	2	1	-	3	-	6
Age of clean habits not recorded	2	9	26	26	7	19	10	99

AGE OF MS SITTING UP

	HO	GA	HU	NT	OX	ES	WS	TOTAL
MS sat up around 9 months	2	-	3	-	3	3	-	11
MS sat up between 9 - 12 months	2	-	2	-	1	4	2	11
MS sat up between 12 - 15 months	-	1	-	1	-	1	-	3
MS sat up between 15 - 18 months	1	-	2	-	1	2	1	7
MS sat up between 18 - 21 months	-	-	-	1	-	-	-	1
MS sat up between 21 - 24 months	1	-	-	-	2	-	-	3
MS sat up over 2 years	-	-	1	2	-	2	2	7
MS still too young to sit up	-	-	1	-	-	-	-	1
Age of sitting up not recorded	13	13	36	42	16	33	15	168

AGE AT WHICH SUBNORMALITY WAS SUSPECTED

	HO	GA	HU	NT	OX	ES	WS	TOTAL
At birth	4	2	5	10	3	7	2	33
5 - 9 years	2	2	5	7	3	6	2	27
